Strategic Technology Proposal & Master Roadmap

This proposal establishes a **Single, Integrated Digital Infrastructure** engineered specifically for the complementary business operations of **Dalal Machine Tools Agency Pvt. Ltd.** (Heavy capital machinery sales, 49+ inventory, 50,000 sq. ft. Pune stockyard) and **OMPI India LLP** (Authorized Italian pneumatic/hydraulic clutch-brake systems, landed import costing, and aftermarket spare parts distribution).

Executive Engagement Structure (Plan 1 Model)

TOTAL AGREED VALUATION	UPFRONT MOBILIZATION (MONTH 1)	MONTHLY RETAINER (7 MONTHS)
₹7,60,000 Flat	**₹2,00,000**	**₹80,000 / mo**

1. Strategic Advantage of a Unified System

In heavy engineering and metal forming, machinery buyers and clutch retrofit clients are identical corporate manufacturing accounts. Treating these entities as isolated projects with external IT agencies creates data silos, duplicate maintenance contracts, and costs upwards of **₹25 to ₹35 Lakhs**. This unified engagement solves both sides simultaneously.

System 1: Dalal Machine Tools Platform

GO-LIVE: MONTH 1

- **Heavy Machinery Catalog:** 49+ ready machines across 26 industrial categories.
- **Pune Stockyard Showcase:** 50,000 sq. ft. warehouse display for corporate buyers.
- **1-Click Branded PDF Spec Sheets:** Instant A4 technical datasheets with letterhead.
- **Instant WhatsApp RFQ Routing:** Machine inquiries routed direct to sales director.
- **Google SEO + AI Search (GEO):** Sitemaps, rich schema, and `/llms.txt` feeds.
- **1-Click Leads Exporter:** Excel/CSV downloads with rolling daily automated backups.

System 2: OMPI India Central ERP

30+ MODULES

- **Sales & Costing Engine:** Customer 360°, margin sheets & multi-revision quotes.
- **Italy Landed Cost Engine:** EUR to INR FX rate, Customs duty & port freight.
- **Spares & SKU Warehouse:** Real-time bin tracking in Pune godown with min-stock alerts.
- **Field Service Job Cards:** Digital maintenance logs for client press clutch retrofits.
- **Finance & Gate Passes:** Automated GST Invoicing & returnable security gate passes.
- **₹0 Cloud Cost:** Runs on office PC/laptop over local Wi-Fi with 100% data privacy.

2. High-Yield Return on Investment (ROI)

In capital machinery and Italian clutch systems, deal values are substantial: High-tonnage forging presses sell between **₹50 Lakhs and ₹2+ Crores**, while OMPI clutch retrofits range between **₹5 Lakhs and ₹25 Lakhs**. Generating **just one additional press buyer inquiry or one major clutch modernization** via this automated ecosystem pays back the entire 8-month technology fee multiple times over.

Comprehensive Breakdown of OMPI ERP Modules

The OMPI ERP system is structured across 4 specialized operational engines covering sales management, European import costing from OMPI Italy, warehouse spare parts tracking, on-site technician servicing, and GST accounting:

1. SALES & CUSTOMER PIPELINE (10 MODULES)

- **Customer Master:** Billing/shipping branches, GSTIN, PAN.
- **Customer 360° View:** Single-pane audit of orders, quotes, and dues.
- **Enquiry Pipeline:** Status stages with mandatory lost analysis.
- **Costing Sheet:** Landed cost, gross margin % & profit analytics.
- **Quotation Engine:** Immutable revisions (V1, V2) with approvals.
- **Customer PO (CPO):** PO validation, delivery terms & variance check.
- **Sales Order (SO):** Confirmed orders linked to warehouse sourcing.
- **Proforma Invoice (PI):** Configurable milestone splits (e.g. 30/50/20).
- **Communication Log:** Time-stamped staff follow-up history.
- **Approval Workflow:** Manager authorization for custom quotes.

2. PURCHASE & ITALY LANDED COST (7 MODULES)

- **Supplier Master:** OMPI Italy & domestic tooling vendor profiles.
- **Supplier RFQs:** Price & lead-time requests directly to Italy.
- **Supplier Quotations:** Multi-vendor comparison & currency tracking.
- **Supplier PO (SPO):** Advance, BL milestone & dispatch terms.
- **Multi-Currency FX Engine:** EUR to INR live landed conversion.
- **Customs & Duty Calculator:** Landed unit cost (Freight + Port).
- **Goods Receipt Note (GRN):** Physical tally against packing list.

3. WAREHOUSE, SPARES & RETROFITS (8 MODULES)

- **SKU Spares Inventory:** Clutch plates, discs, seals, and valves.
- **Bin Location Engine:** Rack/bin coordinate mapping in Pune godown.
- **Stock Transfer:** Inter-warehouse transfers between locations.
- **Delivery Challans (DC):** Full and partial dispatch challans.
- **Gate Passes:** Returnable & non-returnable security gate passes.
- **Digital Job Work Cards:** On-site technician press clutch retrofits.
- **Quality Control (QC):** Defect logging, tolerance and rework tracking.
- **RMA & Warranty Claims:** Damaged unit returns to factory.

4. FINANCE, REPORTS & ADMIN (8 MODULES)

- **GST Sales Invoicing:** Automated CGST/SGST/IGST (HSN 8483).
- **Credit & Debit Notes:** Rate variance adjustments & returns.
- **Accounts Receivable:** Payment receipts & customer ageing tracker.
- **Profitability Analytics:** Gross profit per transaction & part.
- **Global Search:** Instant search across serial number, item code, PO.
- **Automated PDF Engine:** 1-Click branded invoice & quote dispatch.
- **Role-Based Access (RBAC):** Granular permissions by staff role.
- **Disaster Recovery:** Automated 3-tier rolling database backups.

On-Premise LAN Architecture & Zero Recurring Cloud Cost

Commercial cloud ERP systems (SAP Business One, Odoo, NetSuite) enforce mandatory recurring subscriptions ranging from **₹2,000 to ₹3,500 per user/month** (costing ₹3,00,000+ every single year). In contrast, the OMPI Central ERP is engineered for **On-Premise Local Deployment**. It runs securely on your designated central office PC/laptop. Employees access the software through their web browsers over the office Wi-Fi network (e.g. `http://192.168.1.50:3000`). Sensitive financial margins, Italian supplier pricing, and customer records never touch third-party cloud servers.

Pricing Determination & Engineering Benchmark

To maintain complete commercial transparency, the professional fees for this engagement are calculated based on **Three Objective Industry Benchmarks** rather than arbitrary agency markups or fragile freelance slicing:

Pillar 1: Market Agency Replacement Comparison

Standard IT agencies in Pune and Mumbai price enterprise web platforms and multi-module ERP systems as separate enterprise contracts with high corporate overheads:

DELIVERABLE DOMAIN	COMMERCIAL IT AGENCY RATE	OUR STRATEGIC PARTNERSHIP RATE
Dalal Machine Tools Platform (Public Catalog, PDF Datasheets, SEO, GEO, Backups)	₹4,80,000 – ₹7,30,000	Included in Ecosystem
OMPI India Central ERP (30+ Modules, Landed Cost Engine, Local LAN Deployment)	₹18,00,000 – ₹25,00,000	Included in Ecosystem
8 Months Continuous Maintenance, Enhancements & Staff Training	₹2,40,000 – ₹3,60,000	Included in Ecosystem
TOTAL ESTIMATED COMMERCIAL REPLACEMENT VALUE	**₹25,20,000 – ₹35,90,000 + GST**	**₹7,60,000 Flat**

Pillar 2: Technical Effort & Dedicated Man-Hour Valuation

Engineering 30+ operational modules, customs landed cost algorithms, and live inventory sync requires continuous, dedicated full-stack architecture over 8 calendar months:

DAILY DEDICATED TIME	WORKING SCHEDULE	TOTAL MAN-HOURS	CONSULTANT VALUATION
5 Hours / Day	**208 Days**	**1,040 Hours**	~~**₹10,40,000**~~
Mon – Sat (Sundays Off)	26 Days/mo × 8 Months	Dedicated Engineering	@ ₹1,000/hr Industry Standard

Pillar 3: Strategic Long-Term Partnership Concession

Direct Partnership Credit: -₹2,80,000 (27% Savings)

To build a long-term strategic alliance with Dalal Machine Tools & OMPI India, we have waived our standard agency margins and applied a direct **₹2,80,000 partnership concession**, reducing the gross consultant valuation of ₹10,40,000 down to a predictable, fixed rate of **₹7,60,000**.

Enterprise Solution Pricing vs. Freelance Component Slicing

Unlike junior freelance billing that prices disconnected components (e.g., "Frontend ₹15,000, Backend ₹20,000"), which results in brittle code and unmanaged scope friction, this agreement delivers **Turnkey Business Solutions**. Every module is guaranteed to integrate seamlessly across inventory, accounting, and sales with zero vendor lock-in.

Core Client Benefits & Complimentary Value Inclusions

Partnering directly with a dedicated Lead Solutions Architect eliminates the overhead, bureaucracy, and miscommunication inherent in commercial software agencies. You receive institutional-grade engineering combined with dedicated personal accountability:

1. Six Decisive Client Advantages

✓ Dual Enterprise Scope at 70% Lower Cost

Both Dalal Machine Tools (Public Portal, PDF engine, SEO) and OMPI India (30-Module ERP) are delivered under one unified agreement, saving **₹18 to ₹28 Lakhs** compared to hiring external agencies.

✓ Dedicated Single-Client Focus (100% On-Time)

Agencies juggle 15+ accounts and delegate work to junior interns. In contrast, the Consultant maintains **dedicated focus on your business** with 5 hours daily (1,040 man-hours), guaranteeing strict on-time milestone delivery.

✓ Direct Priority VIP Hotline (Zero Bureaucracy)

Direct phone and WhatsApp access to the Lead Architect at any time. No ticketing queues, no account managers, and no multi-day delays. Any operational bottleneck is resolved rapidly with priority turnaround.

✓ Absolute Data Security & Local LAN Privacy

The ERP operates strictly within your physical office on your local Wi-Fi. Proprietary landed margins, European import invoices, and customer credit ledgers are **100% immune from cloud leaks** and vendor snooping.

✓ 100% Source Code & IP Ownership

Upon Month 8 completion, full, unencumbered ownership of all custom source code, database architectures, and documentation transfers to the Client with **zero proprietary vendor lock-in forever**.

✓ Tailored for Heavy Machinery & Italian Clutches

Custom-built specifically for Dalal's 50,000 sq. ft. Pune stockyard and OMPI Italy landed cost algorithms, rather than forcing your business into rigid, ill-fitting generic ERP templates.

2. Complimentary Value-Add Package (Included at ₹0 Extra Charge)

The following high-value services and technical assets are bundled into this agreement with zero additional billing:

COMPLIMENTARY DELIVERABLE / SERVICE ASSET	STANDARD MARKET VALUE	OUR PARTNERSHIP COST
8 Months Continuous Maintenance & Bug Fixing: Routine tweaks, UI adjustments, and corrections.	₹2,40,000 (₹30k/mo AMC)	**₹0 • 100% FREE**
Zero Cloud Cost Guarantee (On-Premise LAN): Eliminates mandatory user licensing fees forever.	₹3,00,000+ / Year	**₹0 • 100% FREE**
Staff Onboarding & Multi-Department Training: Dedicated hands-on training for sales, purchase, & godown.	₹50,000	**₹0 • 100% FREE**
Google SEO, AI Search (GEO / `/llms.txt`) & AEO Suite: Dynamic sitemaps, feeds & Schema markup.	₹60,000	**₹0 • 100% FREE**
Automated 3-Tier Rolling Database Backup Engine: Automated daily snapshots protecting against data loss.	₹40,000	**₹0 • 100% FREE**
1-Click Excel / CSV Leads Exporter: Instant UTF-8 BOM offline buyer lead downloads.	₹30,000	**₹0 • 100% FREE**
TOTAL COMPLIMENTARY VALUE DELIVERED TO CLIENT	**₹7,20,000+ Value**	**100% INCLUDED AT ₹0**

Commercial Milestones & Mutual Terms

The commercial fee is structured to deliver immediate business impact in Month 1 via the Dalal sales portal, followed by 7 monthly retainers covering OMPI ERP modules and all-inclusive maintenance:

TIMELINE	MILESTONE DELIVERABLE SCOPE	AMOUNT (INR)
Month 1 (Advance)	**Signing & Mobilization Milestone:** • Immediate Go-Live of **Dalal Machine Tools Platform** on live domain. • Activation of Google SEO, AI Search feeds (`/llms.txt`), and WhatsApp RFQ routing. • Base database architecture, user authentication, and RBAC setup for OMPI ERP.	**₹2,00,000**
Month 2	Customer Master, Customer 360° Profile, and Enquiry Pipeline Management.	₹80,000
Month 3	Costing Sheets, Multi-Revision Quotation Engine (PDF) with Manager Approvals.	₹80,000
Month 4	Supplier POs & **Italy Landed Cost Engine** (EUR to INR FX + Duty).	₹80,000
Month 5	Spares & SKU Warehouse Inventory, Pune Godown Bin Tracking & Stock Transfers.	₹80,000
Month 6	Digital Job Work Cards (Clutch retrofits), QC Reports & Dispatch Gate Passes.	₹80,000
Month 7	GST Sales Invoicing, Credit/Debit Notes, and Accounts Receivable Ledger.	₹80,000
Month 8	**Final Handover Milestone:** • Local Office PC/Laptop LAN configuration for multi-user staff access. • Staff onboarding, training, and automated 3-tier rolling backup setup. • 100% Source Code & Intellectual Property Handover.	**₹80,000**
TOTAL COMMERCIAL INVESTMENT (8-MONTH COMPLETE ECOSYSTEM)		**₹7,60,000**

Scope Boundaries & Mutual Terms

- **IP Retention & Source Code Ownership:** All custom code, system architecture, and schemas remain the exclusive intellectual property of the Consultant until the full fee of ₹7,60,000 is cleared. Perpetual unencumbered IP transfers to the Client upon Month 8 clearance.
- **Work Suspension & Due Date:** Invoices are raised on the 1st of each calendar month, payable within 7 business days (subject to statutory TDS under Section 194J). In the event of non-payment exceeding 10 calendar days, the Consultant reserves the legal right to pause work until cleared.
- **All-Inclusive Scope Maintenance:** Routine bug fixes, UI adjustments, data corrections, and template updates strictly within the agreed scope are **100% free of charge** during the 8-month contract.
- **Hardware & Third-Party Exclusions:** Third-party physical hardware (printers, LAN cabling, computer servicing), biometric machines, and native mobile apps are excluded and quoted separately.
