DALAL MACHINE TOOLS & OMPI INDIA

UNIFIED ENTERPRISE DIGITAL ECOSYSTEM • STRATEGIC PROPOSAL

Document Ref: **DMTA-OMPI-PROP-2026-T2**
Effective Date: **October 2026**
Engagement: **Dedicated Strategic Technology Retainer**

Master Strategic Proposal: Turnkey Industrial Digital Infrastructure

This executive proposal establishes a **Single, Integrated Digital Infrastructure** engineered specifically for the complementary business operations of **Dalal Machine Tools Agency Pvt. Ltd.** (India's premier heavy machinery stockyard, 49+ capital presses & metal-forming inventory across central machinery stockyard in Pune) and **OMPI India LLP** (Authorized distributor for Italian pneumatic/hydraulic clutch-brake systems, landed import costing, and aftermarket spare parts).

EXECUTIVE COMMERCIAL SUMMARY • PLAN 2 (SWEET-SPOT RETAINER PARTNERSHIP)

DALAL MACHINE TOOLS PLATFORM	OMPI INDIA CENTRAL ERP	TOTAL ECOSYSTEM INVESTMENT
₹1,75,000	₹4,90,000	₹6,65,000 Flat

* Cost Breakdown: Dalal Platform (₹1,75,000 Mobilization) + OMPI Central ERP (7 Sprints x ₹70,000 = ₹4,90,000). Total Unified Value: ₹6,65,000. Pass-through hosting/domain paid separately by Client at actuals.

1. STRATEGIC ADVANTAGE OF UNIFIED ENTERPRISE ARCHITECTURE

In heavy engineering and metal forming, machinery buyers and clutch retrofit clients are identical corporate manufacturing accounts. Treating these entities as isolated projects with external IT agencies creates data silos, duplicate maintenance contracts, and costs upwards of **₹25 to ₹35 Lakhs**. This unified engagement solves both sides simultaneously under one master partnership:

System 1: Dalal Machine Tools Platform

GO-LIVE: MONTH 1

- **Heavy Machinery Catalog:** 49+ ready machines across 26 industrial categories with full technical specifications.
- **Pune Stockyard Showcase:** central machinery stockyard warehouse display for corporate buyers with live power trial booking.
- **1-Click Branded PDF Spec Sheets:** Instant A4 technical datasheets with company letterhead for buyer committees.
- **Instant WhatsApp RFQ Routing:** Machine inquiries routed direct to sales director in under 3 seconds.
- **Google SEO + AI Search (GEO):** Sitemaps, rich schema, and `/llms.txt` feeds for high-intent buyer acquisition.
- **1-Click Leads Exporter:** Excel/CSV downloads with automated daily rolling database backups.

System 2: OMPI India Central ERP

30+ MODULES

- **Sales & Costing Engine:** Customer 360°, margin sheets & multi-revision quotation engine with approval tiers.
- **Italy Landed Cost Engine:** EUR to INR FX rate, Customs duty, port freight & landed profit margin protection.
- **Spares & SKU Warehouse:** Real-time bin tracking in Pune godown with automated min-stock replenishment alerts.
- **Field Service Job Cards:** Digital maintenance logs for client press clutch retrofits and warranty tracking.
- **Finance & Gate Passes:** Automated GST Invoicing (HSN 8483) & returnable security gate passes.
- **₹0 Cloud Cost:** Runs on office PC/laptop over local Wi-Fi with 100% data privacy and zero software lock-in.

2. STRATEGIC DIGITAL ENABLEMENT & OPERATIONAL MODERNIZATION

In heavy engineering and machinery distribution, operational accuracy and rapid customer response are paramount. This ecosystem equips Dalal Machine Tools and OMPI India with modern digital infrastructure to showcase stockyard inventory to national corporate buyers, automate technical quotation revisions, and eliminate manual landed cost calculation errors on European imports.

OMPI INDIA CENTRAL ERP SCOPE

DETAILED 30+ OPERATIONAL MODULES — FUNCTIONAL ARCHITECTURE

Document Ref: **DMTA-OMPI-PROP-2026-T2**
Deployment: **Local PC / LAN (₹0 Recurring Cloud Cost)**
Security: **Zero-Trust Internal Network Privacy**

Comprehensive Breakdown of OMPI ERP Modules

The OMPI ERP system is structured across 4 specialized operational engines covering sales management, European import costing from OMPI Italy, warehouse spare parts tracking, on-site technician servicing, and GST accounting:

1. SALES & CUSTOMER PIPELINE (10 MODULES)

- **Customer Master:** Billing/shipping branches, GSTIN, PAN, credit limits.
- **Customer 360° View:** Single-pane audit of orders, quotes, and dues.
- **Enquiry Pipeline:** Status stages with mandatory lost-deal forensics.
- **Costing Sheet:** Landed cost, gross margin % & profit analytics.
- **Quotation Engine:** Immutable revisions (V1, V2) with manager sign-off.
- **Customer PO (CPO):** PO validation, delivery terms & variance check.
- **Sales Order (SO):** Confirmed orders linked directly to stock.
- **Proforma Invoice (PI):** Configurable milestone splits (e.g. 30/50/20).
- **Communication Log:** Time-stamped staff follow-up history.
- **Approval Workflow:** Manager authorization for custom quotes.

2. PURCHASE & ITALY LANDED COST (7 MODULES)

- **Supplier Master:** OMPI Italy & domestic tooling vendor profiles.
- **Supplier RFQs:** Price & lead-time requests directly to Italy.
- **Supplier Quotations:** Multi-vendor comparison & currency tracking.
- **Supplier PO (SPO):** Advance, BL milestone & dispatch terms in EUR.
- **Multi-Currency FX Engine:** EUR to INR live landed conversion.
- **Customs & Duty Calculator:** Landed unit cost (Freight + Port + Duty).
- **Goods Receipt Note (GRN):** Physical tally against Italian packing list.

3. WAREHOUSE, SPARES & RETROFITS (8 MODULES)

- **SKU Spares Inventory:** Clutch plates, discs, seals, and valves.
- **Bin Location Engine:** Rack/bin coordinate mapping in Pune godown.
- **Stock Transfer:** Inter-warehouse transfers between locations.
- **Delivery Challans (DC):** Full and partial dispatch challans.
- **Gate Passes:** Returnable & non-returnable security gate passes.
- **Digital Job Work Cards:** On-site technician press clutch retrofits.
- **Quality Control (QC):** Defect logging, tolerance and rework tracking.
- **RMA & Warranty Claims:** Damaged unit returns direct to Italy.

4. FINANCE, REPORTS & ADMIN (8 MODULES)

- **GST Sales Invoicing:** Automated CGST/SGST/IGST (HSN 8483).
- **Credit & Debit Notes:** Rate variance adjustments & returns.
- **Accounts Receivable:** Payment receipts & customer ageing tracker.
- **Profitability Analytics:** Gross profit per transaction & part.
- **Global Universal Search:** Instant search across serials, POs, items.
- **Automated PDF Engine:** 1-Click branded invoice & quote dispatch.
- **Role-Based Access (RBAC):** Granular permissions by staff role.
- **Disaster Recovery:** Automated 3-tier rolling database backups.

ON-PREMISE LAN ARCHITECTURE & ZERO RECURRING CLOUD COST

Commercial cloud ERP systems (SAP Business One, Odoo, NetSuite) enforce mandatory recurring subscriptions ranging from **₹2,00,0 to ₹3,500 per user/month** (costing ₹3,00,000+ every single year). In contrast, the OMPI Central ERP is engineered for **On-Premise Local Deployment**. It runs securely on your designated central office PC/laptop. Employees access the software through their web browsers over the office Wi-Fi network (e.g. `http://192.168.1.50:3000`). Sensitive financial margins, Italian supplier pricing, and customer records never touch third-party cloud servers.

RATE DETERMINATION & TECHNICAL BENCHMARK

COMMERCIAL VALUATION RATIONALE — TRANSPARENT COST FRAMEWORK

Document Ref: **DMTA-OMPI-PROP-2026-T2**
Basis: **Market Replacement & Turnkey Solution Formula**
Classification: **Commercial Economics Audit**

Commercial Valuation & Industry Benchmark

To maintain complete commercial transparency, the professional investment for this dual digital infrastructure is evaluated against standard IT agency market replacement costs and unified solution architecture:

1. COMMERCIAL IT AGENCY REPLACEMENT COMPARISON

Standard IT agencies in Pune and Mumbai price enterprise web platforms and multi-module ERP systems as separate enterprise contracts with high corporate overheads:

DELIVERABLE DOMAIN	COMMERCIAL IT AGENCY RATE	OUR ENGAGEMENT INVESTMENT
Dalal Machine Tools Web Platform (Public Catalog, PDF Datasheets, SEO, GEO, Backups)	₹4,80,000 – ₹7,30,000	**₹1,75,000 Flat**
OMPI India Central ERP (30+ Modules, Italy Landed Cost Engine, Local LAN Deployment)	₹18,00,000 – ₹25,00,000	**₹4,90,000 Flat**
8 Months Continuous Maintenance, Enhancements & Staff Training	₹2,40,000 – ₹3,60,000	**Included Free (₹0)**
TOTAL COMBINED COMMERCIAL INVESTMENT (WEBSITE + OMPI ERP)	**₹25,20,000 – ₹35,90,000 + GST**	**₹6,65,000 Flat**

2. STRATEGIC PARTNERSHIP ADVANTAGE & DIRECT CAPITAL SAVINGS

Direct Capital Savings: ₹19,00,000 to ₹29,00,000 ~78% COST REDUCTION

By consolidating both Dalal Machine Tools and OMPI India under a single strategic technology partnership, we eliminate duplicate agency management layers, sales commissions, and bloated administrative markups. The Client secures an institutional-grade enterprise ecosystem with clear separate allocation: **Dalal Web Platform: ₹1,75,000** and **OMPI Central ERP: ₹4,90,000** for a combined turnkey total of **₹6,65,000 Flat**.

3. ENTERPRISE DELIVERY GOVERNANCE & ARCHITECTURAL GUARANTEES

This engagement is structured under institutional engineering governance to guarantee high system reliability, strict data isolation, and total intellectual asset protection:

◆ 100% IP & Source Code Ownership PERMANENT ASSET

- Full handover of production Git repositories and custom build scripts.
- Client owns 100% intellectual property with zero recurring software royalties.
- Zero vendor lock-in; complete architecture documentation provided.

✓ Industrial Reliability & Data Isolation ENTERPRISE GRADE

- Offline-First LAN capability keeps Pune warehouse running during ISP outages.
- Strict data isolation ensures pricing margins and client quotes stay confidential.
- Automated daily rolling snapshots ensure rapid disaster recovery.

CLIENT ADVANTAGES & FREE INCLUSIONS

WHY PARTNERING WITH A DEDICATED TECHNICAL LEAD DELIVERS SUPERIOR VALUE

Document Ref: **DMTA-OMPI-PROP-2026-T2**
Service Level: **Dedicated Technical Partnership**
Accountability: **Principal Solutions Architect**

Core Client Benefits & Complimentary Value Inclusions

Partnering directly with a dedicated Technical Consultant eliminates the overhead, bureaucracy, and miscommunication inherent in commercial software agencies. You receive institutional-grade engineering combined with direct technical accountability:

1. SIX DECISIVE CLIENT ADVANTAGES

✓ **Dual Enterprise Scope at 70% Lower Cost**
Both Dalal Machine Tools (Public Portal, PDF engine, SEO) and OMPI India (30-Module ERP) are delivered under one unified agreement, saving **₹18 to ₹28 Lakhs** compared to hiring external agencies.

✓ **Dedicated Technical Lead & Sprint Focus**
Agencies juggle 15+ accounts and delegate work to junior interns. In contrast, the Consultant maintains **dedicated technical leadership on your business**, driving structured milestone progression with zero agency bureaucracy.

✓ **Direct Technical Channel (Business Hours)**
Direct phone and WhatsApp coordination with the Lead Architect during standard business hours (Mon–Sat, 10:00 AM – 6:30 PM). No multi-tier support tickets or junior account manager delays.

✓ **Absolute Data Security & Local LAN Privacy**
The ERP operates strictly within your physical office on your local Wi-Fi. Proprietary landed margins, European import invoices, and customer credit ledgers are **100% immune from cloud leaks** and vendor snooping.

✓ **100% Source Code & IP Ownership**
Upon Month 8 completion, full, unencumbered ownership of all custom source code, database architectures, and documentation transfers to the Client with **zero proprietary vendor lock-in forever**.

✓ **Tailored for Heavy Machinery & Italian Clutches**
Custom-built specifically for Dalal's central machinery stockyard Pune stockyard and OMPI Italy landed cost algorithms, rather than forcing your business into rigid, ill-fitting generic ERP templates.

2. COMPLIMENTARY VALUE-ADD PACKAGE (INCLUDED AT ₹0 EXTRA CHARGE)

The following high-value services and technical assets are bundled into this agreement with zero additional billing:

COMPLIMENTARY DELIVERABLE / SERVICE ASSET	STANDARD MARKET VALUE	OUR PARTNERSHIP COST
8 Months In-Scope Maintenance & Bug Fixing: Routine bug corrections, UI adjustments, and stabilization for agreed modules.	₹2,40,000 (₹30k/mo AMC)	**₹0 • 100% FREE**
Zero Cloud Cost Guarantee (On-Premise LAN): Eliminates mandatory user licensing fees forever.	₹3,00,000+ / Year	**₹0 • 100% FREE**
Staff Onboarding & Multi-Department Training: Dedicated hands-on training for sales, purchase, & godown.	₹50,000	**₹0 • 100% FREE**
Google SEO, AI Search (GEO / `/llms.txt`) & AEO Suite: Dynamic sitemaps, feeds & Schema markup.	₹60,000	**₹0 • 100% FREE**
Automated 3-Tier Rolling Database Backup Engine: Automated daily snapshots protecting against data loss.	₹40,000	**₹0 • 100% FREE**
1-Click Excel / CSV Leads Exporter: Instant UTF-8 BOM offline buyer lead downloads.	₹30,000	**₹0 • 100% FREE**
TOTAL COMPLIMENTARY VALUE DELIVERED TO CLIENT	**₹7,20,000+ Value**	**100% INCLUDED AT ₹0**

COMMERCIAL AGREEMENT & MILESTONES

PLAN 2 MILESTONE TERMS — FORMAL ACCEPTANCE & SIGN-OFF

Document Ref: **DMTA-OMPI-PROP-2026-T2**
Model: **Plan 2 (Advance Mobilization + Monthly Retainer)**
Handover: **100% Perpetual IP & Source Code Ownership**

Commercial Milestones & Mutual Terms

The commercial fee is structured to deliver immediate business impact in Month 1 via the Dalal sales portal, followed by 7 monthly retainers covering OMPI ERP modules and in-scope maintenance:

ENTITY & TIMELINE	MILESTONE DELIVERABLE SCOPE	AMOUNT (INR)
A. DALAL MACHINE TOOLS DIGITAL WEB PLATFORM (DIRECT SALES ENGINE)		**₹1,75,000**
Month 1 (Advance)	**Dalal Platform Go-Live & Mobilization:** • Public Heavy Machinery Catalog (49+ ready stock machines across 26 categories). • Pune Stockyard showcase with live power trial booking & instant WhatsApp routing. • 1-Click Branded PDF Technical Spec Sheets & Google SEO + AI Search feeds.	**₹1,75,000**
B. OMPI INDIA CENTRAL ERP SYSTEM (30+ MODULES • 7 MONTHLY SPRINTS)		**₹4,90,000**
Month 2	Customer Master, Customer 360° Profile, and Enquiry Pipeline Management.	₹70,000
Month 3	Costing Sheets, Multi-Revision Quotation Engine (PDF) with Manager Approvals.	₹70,000
Month 4	Supplier POs & **Italy Landed Cost Engine** (EUR to INR FX + Duty).	₹70,000
Month 5	Spares & SKU Warehouse Inventory, Pune Godown Bin Tracking & Stock Transfers.	₹70,000
Month 6	Digital Job Work Cards (Clutch retrofits), QC Reports & Dispatch Gate Passes.	₹70,000
Month 7	GST Sales Invoicing, Credit/Debit Notes, and Accounts Receivable Ledger.	₹70,000
Month 8	Final Handover, LAN Multi-User Setup, Staff Training & 100% IP/Code Transfer.	**₹70,000**
C. 8 Months Continuous Bug Fixing & Technical Support: Included Complimentary across ecosystem		**FREE (₹0)**
TOTAL UNIFIED COMMERCIAL INVESTMENT (WEBSITE ₹1,75,000 + OMPI ERP ₹4,90,000)		**₹6,65,000**

SCOPE BOUNDARIES & MUTUAL LEGAL TERMS

- **IP Retention & Source Code Ownership:** All custom code, system architecture, and schemas remain the exclusive intellectual property of the Consultant until the full fee of ₹6,65,000 is cleared. Perpetual unencumbered IP transfers to the Client upon Month 8 clearance.
- **Payment Schedule & Work Continuity:** Monthly invoices are raised on the 1st of each calendar month, payable within 7 business days (subject to statutory TDS under Section 194J). In the event of payment delays exceeding 10 calendar days, development sprints are paused until settled.
- **In-Scope Maintenance vs. Change Requests:** Complimentary maintenance covers bug fixing, logic corrections, and UI stabilization strictly for agreed documented scope. Any new module requests, workflow overhauls, or external third-party integrations outside the specification will be quoted separately as a Change Request (CR).
- **Client Dependencies & Timeline Flexibility:** Delivery schedules are projected based on timely Client feedback, data provisioning (machine specifications, import cost sheets), and milestone approvals. Delays in Client inputs automatically extend milestone delivery dates proportionately without penalty.
- **No Commercial or Revenue Warranty:** The Consultant provides technical software development and solutions architecture. The Consultant does NOT warrant or guarantee machinery sales volume, customer lead conversion, or business revenue outcomes, which remain the sole commercial domain of the Client.
- **Working Hours & Pass-Through Expenses:** Technical support and coordination are available Monday through Saturday during standard business hours (10:00 AM – 6:30 PM IST). External third-party pass-through expenses (domain renewals, public cloud VPS web hosting, Google Workspace/Zoho corporate emails, and SMS/WhatsApp API message credits) are owned and paid directly by the Client at actuals.
