6. Commercial Terms, Governance & Operational Guidelines

- **Separate Corporate Invoicing & Bank Accounts:** Distinct invoices raised for *Dalal Machine Tools Agency Pvt. Ltd.* (₹ 2,00,000) and *OMPI India LLP* (₹ 5,60,000 across 7 monthly sprints @ ₹ 80,000/mo) for clean tax accounting & direct GST Input Tax Credit (ITC).
- **Direct Pass-Through Billing (Zero Agency Markups):** Third-party subscriptions — cloud server hosting (AWS/Render), corporate domains, WhatsApp Cloud API conversations, and government GST portal API gateways — are billed directly to Client accounts at actual cost.
- **Project Timeline & Client Content Prerequisite:** The 8-month development cycle commences upon contract execution, mobilization advance clearance, and handover of baseline machine data and media. Client review delays adjust subsequent sprint deadlines proportionally.
- **7-Day Deemed Acceptance Governance:** Client shall review sprint demos within 7 calendar days. Absence of a written defect punch-list within 7 days constitutes formal sprint progress sign-off.
- **Turnkey Warranty & Source Code Ownership:** Continuous in-scope maintenance covers all delivered modules across the 8-month lifecycle. Following final go-live at Month 8, an umbrella 30-day post-handover warranty covers all 57 units. 100% custom source code and database schema ownership transfer to Client upon completion of final commercial settlement.

Exploratory Quotation Notice: This breakdown provides indicative commercial scheduling and module costs for budgeting and alignment. Formal commercial contract execution, legal warranties, and intellectual property assignment shall be governed exclusively by the Master Services Agreement (MSA).
